

JADEVER

JWI-700P
PRICE COMPUTING INDICATOR

Main Features

JWI-700P SERIES WEIGHING SCALE

■ Features

- 10 direct PLU
- Change function
- Auto zero tracking
- Single point calibration
- Capacity from 3 kg to 600kg
- Tare and full range tare
- Print accumulation function
- Adjustable power off time settings
- Selectable filter level and zero band
- LCD display, 6/5/6 digits, LED backlight
- Selectable weight units (kg, lb, oz, 100g)
- Maximum of 99 data accumulation can be stored
- Low battery and charging status indication
- Adjustable stand and PVC dust proof cover included
- Power by rechargeable lead acid battery or power cord

Special design PCB

Special design PCB with aluminum plate cover
on the sensitive A/D portion

Prevent PCB from static and moisture, anti-cockroach to improve safety and reliability

JWI-700P Specification

Model	15K	30K	60K	120K	150K	300K	600K	1200K	1500K	3000K
